1. OSCE: An Objective Structured Clinical Examination (OSCE) is a type of examination often used in health sciences. It is designed to test clinical skill performance and competence in a range of skills. It is a practical, real-world approach to learning and assessment.

During pandemic situation we have taken final practical exams by using this OSCE method for students.

2. NISP: National Innovation and Startup Policy.

NISP 2019 was launched by Hon'ble Minister of Human Resource Development on 11 September 2019. The policy intends to guide HEIs to promote students' and faculty driven innovations & startups. It will be instrumental in leveraging the potential of student's problem solving & entrepreneurial mind-set and promoting a strong intra and inter-institutional partnerships.

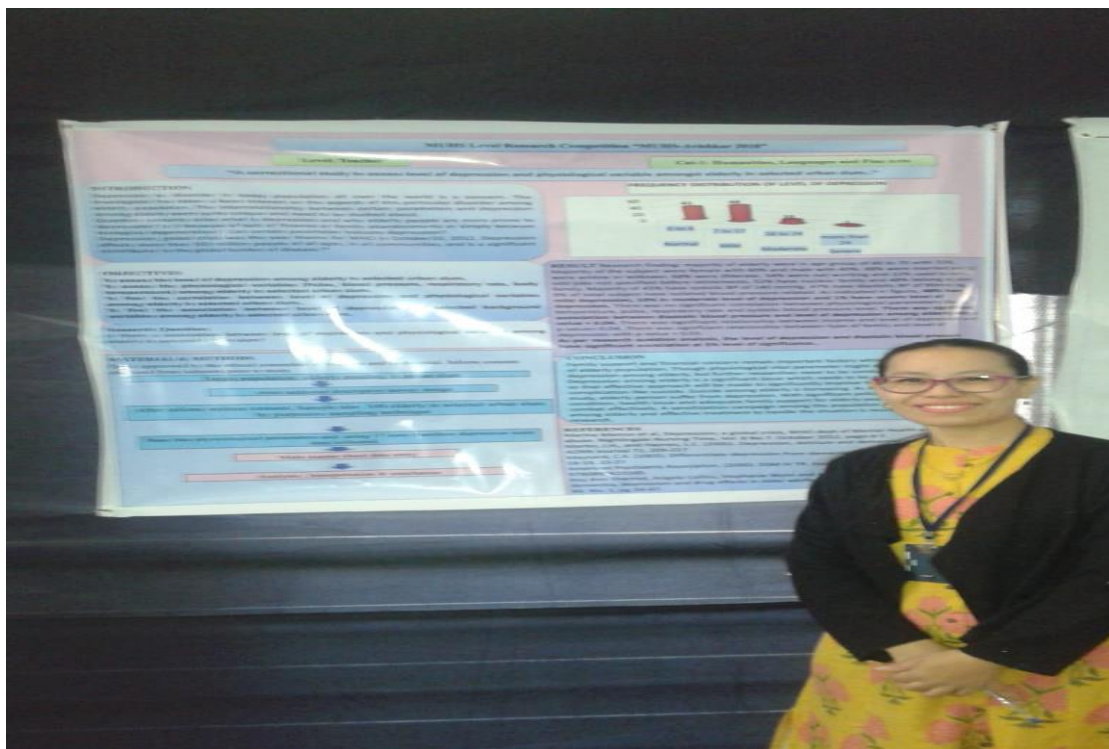

MKSSS BTINE is also one of the part of this policy who implement this policy for students regularly.

NISP MEETING WITH STUDENTS

3. AVISHKAR: A Research competition “AVISHKAR” was organized by MUHS at University Level in every year for all the people involved in the field of health science department from various branches. It was conducted for various levels – UG, PG& Professor level.

For this competition from our institute i.e. MKSSS BTINE UG, PG and Professor level teachers are participated very initiatively.

PARTICIPANTS OF AVISHKAR COMPETITION

4. SIMULATION: A simulation is the imitation of the operation of a real-world process or system over time. Simulations require the use of models; the model represents the key characteristics or behaviors of the selected system or process, whereas the simulation represents the evolution of the model over time. Often, computers are used to execute the simulation.

We have a big and well equipped simulation lab for students for teaching and learning process. Our teachers and students use this lab for simulation procedure practices daily in rotation of all batches.

SIMULATION PRACTICES IN SIMULATION LAB

5. IN-SERVICE EDUCATION PROGRAM: In-service education means activities intended to assist the individual to acquire, maintain, and/or increase competence in fulfilling the assigned responsibilities specific to the employer's expectations.

6. INDUCTION PROGRAM: In human resource development, induction training is a form of introduction for new employees in order to enable them to do their work in a new profession or job role within an organization. Training can be systematic or unsystematic training. Induction training is systematic training. The systematic model supplements natural learning with a systematic intervention that relates to the organizations objectives.
