INSTITUTIONAL ETHICAL COMMITTEE MEETING (2016-17)**

The institutional ethical committee meeting held under the chairperson, Dr. Asmita Bhawe on 22/02/2017 at 11:00 am.

**Agenda of the meeting:**

1. Review of research proposal/synopsis by the presenter.
2. Suggestion and correction / modification of the synopsis.
3. Approval or rejection of research proposal.

The above mentioned institutional ethical committee members, research guide and experts were present during the meeting.

SN.	Name of the Experts	Designation	Area of expertise
1.	Dr. Asmita Bhawe	Assist. Medical Superintendent, DMH	Chairperson, research expert
2.	Dr. Meena Ganapathy	Principal, MKSSS.BT.INE.	Research expert & guide
3.	Dr. Vandana Palsane	Prof. Siddhivinayak college, Karvenagar	Research expert
4.	Dr. Shubhada Ponkshe	Vice Principal, MKSSS.BT.INE. INE.	Research expert & guide
5.	Mrs. Bijayalakshmi Devi	Asso. Professor	Research expert & guide
6.	Ms. Manjusha Daundkar	B.Sc. L.L.M. Chief Rector	Legal advisor in ethical committee
7.	Mrs. Anagha Gupte	Lecturer, MIT	Research Bio statistician
8.	Mrs. Nupoor N. Bhambid	Lecturer	Research expert & guide
9.	Mrs. Romila Devi M.	Lecturer	Research expert
10	Mrs. Ujwala Jadhav	Lecturer	Research expert
11.	Mrs. Minakshi Garud	Lecturer	Research expert
12.	Ms. Lisham Smita D.	Clinical Instructor	Research expert
13.	Mrs. Shailaja Mathews	Clinical Instructor	Research expert

14.	Mrs. Jyoti Karande	Clinical Instructor	Research expert
15.	Mrs. Samina Mulani	Clinical Instructor	Research expert

The presentation started with welcome speech by **Ms. Anjali Deshmukh** first year M.Sc. (N) student and **Ms. Anjali Deshmukh** presented her topic on:

“Effect of lower limb rehabilitation gymnastics for post-operative trauma patients in the prevention of deep vein thrombosis in selected hospitals of the city.”

Dr. Bhavne asked her about the inclusion and exclusion criteria after her response Dr. Bhavne asked her to exclude the subjects who all are developed neurological complications and include one or two types of orthopedic surgery patients to maintain uniformity or specify the type of exercises to be given in each patient.

Dr. Vandana Palsane asked her to explain the data collection process. Student replied that she is going to collect the data from the corporation hospitals by random sampling technique. And after that she is going to assess the patients for sign and symptoms of DVT by using Well’s criteria, and pain assessment by using visual analog scale. Then she will give the exercises to patient as per schedule twice in a day for fifteen days.

Dr. Meena Ganapathy asked her to show the type of exercises to be given to patients; she has shown the type of exercises on PPT and demonstration. All committee members approved her study.

**Ms. Pradnya Parekar** Mental health nursing speciality presented her topic on “A comparative study to assess psychosocial issues among old age person and their coping strategy at home and old age home in the city to develop self instructional module on management of psychosocial issues in old age.”

Dr. Vandana Palsane asked her that which old age home you will include for data collection? Ms. Pradnya explained that for our Samstha’s old age home, karvenagar old age home. Dr. Vandana suggested her to collect data from different- different societies nearby her area.

Dr. Bhavne asked about tool. Ms. Pradnya replied that is going to prepare questionnaire on psychological issues and she has standardized tool on psychological issues

Dr. Meena G. asked her about scoring key Ms. Pradnya explained the scoring key and grading system of knowledge score and coping score.

Dr. Ponkshe asked her how much will be the sample size? She explained that 150 sample size. Finally all committee members approved her study.

**Ms. Yogita Kamble** obstetrics and gynaecological speciality presented her topic on, "A study to assess the effect of the facilitated tucking position on injection vitamin K induced physiological and behavioral responses of newborns in selected hospital of city."

Dr. Vandana Palsane madam asked her to explain facilitated tucking position. Yogita showed the video clip of tucking position and procedure of administration of Vit K injection. She also told that facilitated tucking mean she herself is going to give the position to baby and hold baby in that position for one min before the administration of injection and one min after the procedure.

Dr. Bhav asked her about the tool. She explained that she will monitor baby's heart rate, respiration, SPO2, APGAR score and pain assessment with the help of facial expression before and after the procedure.

Dr. Meena G. asked, how much will be the sample size? She explained that 20 in control group and 20 in experimental group ie. Total 40 sample size.

Finally all committee members approved her study.

**Ms. Snehal Londhe** obstetrics and gynaecological nursing speciality presented her topic on, "A study to explore pre natal attachment in primigravida women with her unborn child in the selected hospitals of city."

Dr. Bhav asked her about how you will assess the pre natal attachment of unborn child. She explained that she has the standardized tool to assess the pre natal attachment of unborn child and she explained the tool in detailed.

Dr. Meena G. asked her where you will collect the sample and how much will be the sample size? She told that from Kamla Nehru hospital ANC OPD she will collect the sample and total 100 primigravida women are going to collect as a sample. Finally all committee members approved her study.

**Ms. Pradnya Parekar** concluded the ethical committee meeting with vote of thanks

As there were no points for further discussion the meeting was adjourned at 2pm.

Minutes recorded by Mrs. Nupoor N. Bhambid.

The presentation started with welcome speech by **Ms. Jonita D'Souza** first year M.Sc. (N) student and she presented her topic on:

“A study to assess the effect of coma arousal therapy to improve level of consciousness among the traumatic brain injury patients in selected hospitals of the city.”

Dr. Bhavne asked her about the inclusion and exclusion criteria? After her response Dr. Bhavne asked her to exclude the subjects who all are require surgery for the head injury and become unconscious do not include the subject, who are having secondary causes of any disease and become unconscious.

Dr. Meena Ganapathy asked her about the tool she is going to use to monitor the level of consciousness. She told that there are standard tools are available to monitor the level of consciousness on that Dr. Meena Ganapathy suggested that include only one intervention for each sensory perception.

Mrs. Anagha Gupte asked her to explain the data collection process. Student replied that she is going to collect the data from the ICU patients and she is going to monitor the level of consciousness on 0 day, 7<sup>th</sup> day and 14<sup>th</sup> day of intervention.

Ms Pooja Bhaladhare Medical Surgical Nursing Specialist presented her study on:

“A study to assess the prevalence of risk factors for ventricular disease among employee in selected educational institute of the city.”

Dr. Bhavne asked her what are the parameters you are going to assess in the subject. She replied that demographic data Height, Weight, BMI, BSL, Hip and abdominal circumference and questioner on CVD risk assessment. Dr. Bhavne suggested her to include any occupational stress related questioner in the tool.

Dr. Vandana Palsane asked her which educational institute you will be going to do the study? She replied educational institute who are having multiple branches of education from primary to higher studies.

Dr. Meena Ganapathy and Mrs. Anagha Gupte asked her about the data collection process. Ms. Sheetal Arsul Obstetric and gynecological nursing speciality presented her study on: "A study to assess the effect of active exercise on dysmenorrhea among college girls at selected city."

Dr. Meena Ganapathy asked her how you are going to do the exercises. She demonstrated the exercises. She is going to teach the exercises to girls.

Mrs. Anagha Gupte asked her how she is going to monitor the dysmenorrhea.

Ms Manali Sawant Obstetric and gynecological nursing speciality presented her study on: "A study to assess the effect of abdominal genital touch on labour pain perception among primipara parturient women in selected hospitals of the city."

Dr. Bhavne asked her what abdominal gentle touch is? She demonstrated the technique of gentle touch during labour pain perception she is going to perform.

Dr. Meena Ganapathy asked her about the tool she is going to use? She replied there are standard tools available for labour pain perception and she is going to modify the tool.

Mrs. Nupoor Bhambid has given the suggestion to all students that study title should reflect the type of research design and also told to write primary and secondary objective for the study.

Ms. Manali Sawant concludes the ethical committee meeting with vote of thanks. As there was no point for further discussion the meeting was adjourned at 2 pm

The presentation started with welcome speech by **Ms. Reshma Tanpure**. First year M.Sc. (N) student and she presented her topic on:

“A study to assess the effectiveness of healthy body image program on body image perception, Self-esteem and self-compassion among adolescents in selected institute of the city.”

Dr. Meena Ganapathy asked her what the definition of adolescent age according to WHO is. She replied that WHO has given the adolescent age 10-19 years. Dr. Ponkshe asked her that, will the institution allow her to conduct session for 45 min daily for 7 days. Mrs Angha Gupte told her to take 9<sup>th</sup> std class and 11<sup>th</sup> std class for session.

Ms. Vandana Palsane suggested her to take only 9<sup>th</sup> std students and both genders can be included. She further suggested that only one language that is either English or Marathi medium school can be included. On this Dr. Meena Ganapathy suggested her to take vision English medium school.

Ms. Akshata Tendulkar from Mental Health Nursing presented her study on:

“A study to assess the effectiveness of Anti-stigma sensitization program on attitude and perception towards mentally ill person among college students in selected institutions in the city.”

Ms. Vandana Palsane asked her what activities you have planned for subjects. She explained that she is going to show the scenario on common issues face by particular age group like depression, anxiety etc. Dr. Meena Ganapathy suggested that instead of taking mental illness take mental health and mental illness.

Ms. Avita Taide from Obstetrics and Gynecological Nursing presented her study:

“A quasi experimental study to assess the effect of passive relaxation on postpartum blues in early puerperium among primipara postnatal mothers in selected hospitals of the city.”

Ms. Vandana Palsane suggested that to add counseling training should be added along with passive relaxation and psycho education can be added.

Ms. Prajakta Joshi from Medical- Surgical Nursing (Cardio-Vascular Thoracic Surgery) presented her study:

“A study to assess the effect of music therapy on pain, physiological and psychological responses among patients had undergone Coronary Artery Bypass Graft Surgery (CABG) in selected hospitals of the city.”

Dr. Meena Ganapathy suggested taking last 3 months data related to Coronary Artery Bypass Graft Surgery from various hospitals. Also suggested to take certificate from musician regarding music which is going to use in study. Ms. Vandana Palsane suggested using headphone for music therapy.

Ms. Sushma Watari from Medical- Surgical Nursing (Critical Care Nursing) presented her study:

“A study to assess the effect of intradialytic stretching exercises on muscle cramps among patients undergoing hemodialysis in selected hospitals of the city.

DR. Meena Ganapathy suggested taking pre-intervention data collection prior giving interventions. And age should be 18yrs and above.

Ms. Pallavi Chinchalkar from Medical- Surgical Nursing (Critical Care Nursing) presented her study:

“A study to assess the effect of stretching exercises on Work- related Musculoskeletal Disorders (WMSDs) among nurses working in Intensive Care Unit (ICU) in selected hospitals of the city.

Dr. Meena Ganapathy suggested removing measuring tool from hypotheses. And also suggested to give intervention for 4 weeks instead of 8 weeks to those who are having Work- related Musculoskeletal Disorders (WMSDs).

Ms. Sanchi Waghmare from Medical- Surgical Nursing (Oncology Nursing) presented her study:

“A study to assess the effect of mindfulness meditation on anxiety, depression and spirituality among terminally ill cancer patient in selected palliative care center of the city.”

Dr. Meena Ganapathy suggested that to include all the cancer patients and to remove palliative care center from statement. And also said to modify hypotheses.

Ms. Avita Taide concludes the ethical committee meeting with vote of thanks. As there was no point for further discussion the meeting was adjourned at 2 pm.

Minutes recorded by Mrs. Nupoor N. Bhambid.

INSTITUTIONAL ETHICAL COMMITTEE MEETING (2019-2020)**

The institutional ethical committee meeting held under the chairperson, Dr. Vadana Palsane on **20/03/2020 at 11:00 am**

**Agenda of the meeting:**

1. Review of research proposal/synopsis by the presenter.
2. Suggestion and correction / modification of the synopsis.
3. Approval or rejection of research proposal.

The above mentioned institutional ethical committee members, research guide and experts were present during the meeting.

The presentation started with welcome speech by **Ms. Disha Jondhale** (Obstetrics and Gynecology nursing) from First year M.Sc. (N) student and she presented her topic on:  
“A study to assess the effect of nurse companion labor support on maternal satisfaction about delivery services in second para postnatal mothers at selected hospital in the city.”

Following changes were advised during the presentation:

1. advised to search ROL regarding Dola practices
2. advised to changes sample from primipara to second para

**Ms. Shital Pethkar** from Mental Health Nursing specialty presented her topic on:

“An experimental study to assess the effectiveness of sleep hygiene strategies on sleep quality and level of stress among adolescences in selected educational institute of the city.”

Following changes were advised during the presentation:

1. Advised to change sample from 8-9<sup>th</sup> grade to 11-12<sup>th</sup> as their stress level is comparatively higher.
2. suggestion in secondary objectives – separate association for sleep quality and level of stress among adolescents with baseline parameters

**Ms. Dipali Sapkal** from Mental Health Nursing specialty presented her topic on:

“A survey to assess factors affecting mental health among selected slum area among the city.”

Following changes were advised during the presentation:

2. Need of more ROL and pre pilot study
3. Can consider cross sectional survey method.
4. An intervention based video on specific identified problem can be done for benefit of group

With above mentioned suggestions followed by vote of thanks, IEC meeting was adjourned at 1.00pm.

Minutes recorded by Mrs. Nupoor N. Bhambid.

INSTITUTIONAL ETHICAL COMMITTEE MEETING (2020-21)**

The institutional ethical committee meeting held under the chairperson, Dr. Meena Ganapathy on **20/07/2021 at 10:00 am in MPH of BTINE.**

**Agenda of the meeting:**

1. Review of research proposal/synopsis by the presenter.
2. Suggestion and correction / modification of the synopsis.
3. Approval or rejection of research proposal.

The presentation started with welcome speech by **Ms. Komal Awasare**. First year M.Sc. (N) student and she presented her topic on: **“Assess the effect of simulation regarding port-a-cath care on knowledge and skill among the students of 4<sup>th</sup> year Basic B.Sc. Nursing of selected nursing college in the city”**

Following changes were advised during the presentation:

1. In the statement confirm students of 4<sup>th</sup> year Basic B.Sc. or internship as sample.
2. Secondary hypothesis H<sub>3</sub> need to modify – find the association between knowledge and skills.
3. Eligibility criteria – Inclusion criteria remove 4th year Basic B.Sc. students (no need to mention).
4. In withdrawal criteria add – students absent or sick during simulation.
5. Setting – the study will be conducted in the simulation lab in the selected hospitals of the city.

Ms. Vaibhavi Kothalkar from Medical Surgical Nursing (Critical Care) presented her topic on: **“To assess the effect of Buerger allen exercise on lower extremities perfusion among patients with type 2 diabetes miletus at selected hospitals in the city”**

Following changes were advised during the presentation:

1. Need to change the setting as a OPD instead of hospital in the city
2. Days of intervention.
3. Advised for video teaching as intervention.
4. Changes in operational definition of Buerger Allen exercise – the intervention will be given twice a day in an interval of 12 hours instead of 6 hours.

5. Inclusion criteria – change setting to OPD instead of hospital

6. Data analysis and method – In 3<sup>rd</sup> objective use chi-square test instead of t-test.

Ms. Monica Thatte from Medical Surgical Nursing (Critical Care) presented her topic on:

**“A study to assess the effect of acupressure on the low back pain among the staff nurses working in the intensive care unit in a selected hospital of the city”**

Following changes were advised during the presentation:

1. Tool – do not mention the question related to gender.

Ms. Anjali Devlatkar from Obstetrics and Gynaecology Nursing presented her topic on:

**“The effect of combined marmet and oxytocin massage on breast feeding adequacy among post cesarean mother-baby dyad”**

Following changes were advised during the presentation:

1. Change in operational definition of marmet technique – use manual stimulation instead of syringe.
2. Secondary hypothesis – remove the word significant.

Ms. Pooja Bhosale from Medical Surgical Nursing (Cardio-thoracic) presented her topic on: **“To assess the prevalence of post covid conditions among the post covid patients”**

1. Change the statement to – A cross sectional study to assess the prevalence of post COVID conditions between 4 weeks to 6 months among the post COVID patients in selected hospitals of the city.

Ms. Trupti Sase from Medical Surgical Nursing (Cardio-thoracic) presented her topic on:

**“Assess the effect of ergonomics interventions on work related Musculoskeletal Disorders (WMSDs) in nurses working in cardiac unit”**

1. Change the statement to – assess the prevalence of Work related Musculo-skeletal Disorders (WMSDs) in the nurses working in cardiac unit of the selected hospital of the city.
2. Take sample size of 60
3. Changes in assessment tool (REBA worksheet) – categories into low, moderate and high risk.

Ms. Anjali Devlatkar concluded the ethical committee meeting with vote of thanks. As there was no point for further discussion the meeting was adjourned at 2.15 pm.

Minutes recorded by Mrs. Nupoor N. Bhambid.
