MKSSSBTINE, Multipurpose hall, Pune.

“Women’s education and national development are closely related”

Maharshi Karve Stree Shikshan Samstha’s, our parent body has been committed to **“Empowerment of Women through Education”** for over a century. Maharshi Karve Stree Shikshan Samstha’s was founded by the great visionary and social worker Bharat Ratna Maharshi Dhondo Keshav Karve in 1896. The Samstha runs 60 branches with 10 higher education institutes giving education to 30,000 girl students in various branches. It has maintained the standard of quality of education with a transparent administration.

Maharshi Karve Stree Shikshan Samstha’s Smt. Bakul Tambat Institute of Nursing Education

The Maharshi Karve Stree Shikshan Samstha’s Smt. Bakul Tambat Institute of Nursing Education was started in the expansive campus of the Samstha in Pune in August 2000. The Institute is approved by the Indian Nursing Council, Delhi, Maharashtra Nursing Council, Mumbai, Government of Maharashtra and Maharashtra University of Health Sciences, Nasik. The Institute runs ANM, GNM, B. B.Sc. Nursing, P.B.B.Sc Nursing, M.Sc. Nursing & Ph.D. in Nursing. Clinical learning is conducted in the parent hospitals i.e. Deenanath Mangeshkar Hospital and Mai Mangeshkar Hospital, Pune.

The Principal, faculty and students of MKSSSBTINE invite you for the conference on

“Research Grant Writing”

Nursing researcher while proposing research project, many a time, funding issue or lack of funding for research project hampers the progress of it. It become necessary for

researcher to write a funding grant proposal to sponsor or funding agency in a government or non-government agency and obtain fund for research project. A grant

proposal or application is a document or set of documents that is submitted to an organization with the explicit intent of securing funding for a research project. Writing grant required skill and specific training to improve the chances of research proposal being accepted for grant.

MKSSSBTINE endeavor to educate the participant to create awareness, to understand the nuts and bolt of writing research grant and will focus on discussion issue and practice activities in this one day research grant writing workshop.

OBJECTIVES OF WORKSHOP

1. To acquire fundamental concepts of research grant writing in current scenarios.
2. To develop attitude among the participants regarding the impact and importance of research grant writing in research project.
3. To analyze and discuss various techniques on research grant writing.
4. To encourage practical application of research grant writing in their research project.

Clinical learning is conducted in the parent hospitals i.e. Deenanath Mangeshkar Hospital and Mai Mangeshkar Hospital, Pune.

The Principal, faculty and students of MKSSSBTINE invite you for the conference on

“Good Clinical Practice”

For innovation to be created, value of honesty and good practice are the foundation. In nursing research, having clear knowledge and understanding about Good Clinical Practice is important and mandatory. Good clinical practice (GCP) is an international quality standard, which governments can then transpose into regulations for clinical trials involving human subjects. GCP follows the International Council on

Harmonization of Technical Requirements for Registration of Pharmaceuticals for Human Use (ICH), and enforces tight guidelines on ethical aspects of clinical research. A series of unsuccessful and ineffective clinical trials in the past were the main reason for the creation of ICH and GCP guidelines in the US and Europe. These discussions ultimately led to the development of certain regulations and guidelines, which evolved into the code of practice for international consistency of quality research. In these regards, MKSSSBTINE is organizing this workshop on GCP to deal in depth and understand its concept, importance and impact on nursing research in nursing profession.

Objectives of the workshop on GCP

1. To appreciate the role of GCP practice in nursing research among nursing researcher and academicians.
2. To encourage the practice among participants as per GCP guideline by understanding its concept.
3. To impart knowledge and understanding on the importance of GCP in research studies that are scientifically authentic and that the clinical properties of the research project are properly documented.

Nurse researcher

“Women’s education and national development are closely related”

MKSSS

Maharshi Karve Stree Shikshan Samstha, our parent body has been committed to **“Empowerment of Women through Education”** for over a century. Maharshi Karve Stree Shikshan Samstha was founded by the great visionary and social worker Bharat Ratna Maharshi Dhondo Keshav Karve in 1896. The Samstha runs 60 branches with 10 higher education institutes giving education to 30,000 girl students in various branches. It has maintained the standard of quality of education with a transparent administration.

MKSSS BTINE

The Maharshi Karve Stree Shikshan Samstha`s Smt. Bakul Tambat Institute of Nursing Education was started in the expansive campus of the Samstha in Pune in August 2000. The Institute is approved by the Indian Nursing Council, Delhi, Maharashtra Nursing Council, Mumbai, Government of Maharashtra and Maharashtra University of Health Sciences, Nasik. The Institute runs ANM, GNM, B. B.Sc. Nursing, P.B.B.Sc Nursing, M.Sc. Nursing & Ph.D. in Nursing. Clinical learning is conducted in the parent hospitals i.e. Deenanath Mangeshkar Hospital and Mai Mangeshkar Hospital, Pune.

The Principal and faculty of MKSSSBTINE organized the workshop on Literature review and reference style writing

A literature review is a survey of scholarly sources on a specific topic. It provides an overview of current knowledge, allowing you to identify relevant theories, methods, and gaps in the existing research.

Writing a literature review involves finding relevant publications (such as books and journal articles), critically analyzing them, and explaining what you found. There are five key steps:

search for relevant literature, evaluate sources, identify themes, debates and gaps, outline the structure and write your literature review

A good literature review summarize, analyzes, synthesizes, and critically evaluates to give a clear picture of the state of knowledge on the subject.

A hybrid event is a tradeshow, conference, unconference, seminar, workshop or other meeting that combines a "live" in-person event with a "virtual" online component.

Hybrid learning is a reliable method of teaching for higher education. It combines online and in-person

learning as some students watch virtually and others go to the classroom. ... Hybrid learning can improve the flexibility and customization of classes, the accessibility of learning, and the use of tools during courses.

Both in-person and virtual events have their merits, and that's why the future of brand experience will be hybrid-centric. In-person provides attendees with the opportunity to make a tangible connection, but the flexibility of remote attendance makes an event more inclusive.

OBJECTIVES OF THE WORKSHOP

1. To impart the knowledge about literature of review and writing style of research.
2. To educate the new teaching strategies and methodology in research field and facilitates the learning.
3. Encourage the participation and motivate to conduct studies in research field.
