Report on Webinar on E book access from Wolters Kluwer

Date: 2 May 2020
Time: 2.00 pm to 2.30 pm
Venue: Skype meeting
Organizer: BTINE library
Speakers: Mr Sandeep Wadekar

Attended by: Teaching staff, library staff and students

Report:

Due to sudden outbreak of corona and closure of institute and its library student found it difficult to get books to study therefore BTINE library in coordination arranged webinar for LWW e book product. Nearly 250 students attended the session. They provided an institutional user id and password and 1 month free trial. This helped students to prepare for exam.

Following features are Explained for LWW E book platform

- 5 Minute Consult 2020 – It can be a one point of reference for doctors who are fighting with COVID19 as it has a separate chapter of COVID which will help them to understand the disease in depth.
- Communicate, Care, Cure – Its one of the unique title which helps the complete Medical fraternity starting from a Nurse to a professional Doctor. Going into more depth this title follows ATECOM model which will be very helpful for the undergraduate MBBS students.
- Standard Treatment Guidelines – It provide the clear cut guideline to students/PG's that how to proceed while treating the patients and what are the guideline which they need to follow.
- Tandon's Textbook of Cardiology 2Vol set – Its latest edition came in 2019, with the recent updates which are required to doctors.
- Antibiotic Basics of Clinicians 2020 – Once again the new edition came in 2020 with all the updates.
- Undergraduate titles like Snell's Clinical Anatomy, langman's Embryology, Grant Dissector, LIR Physiology, etc. which are as per new competency based curriculum will help the undergraduates to read the good content at their home itself.
- Brunner & Suddharth's Textbook of Medical Surgical Nursing – One of best title for nursing students.
