INTRODUCTION:-

MKSSS BTINE has arranged **First Aid management workshop from 19th December to 23rd December 2023** for 1st year B.Sc. Nursing (Semester I) Students. It was short course on First Aid Management and was arranged by our HOD Dr. Shubhada Ponkshe, other organizers from B.Sc. faculty.

First aid is the first and immediate assistance given to any person suffering from either a minor or serious illness or injury, with care provided to preserve life, prevent the condition from worsening, or to promote recovery. It includes initial intervention in a serious condition prior to professional medical help being available, such as performing cardiopulmonary resuscitation (CPR) while waiting for an ambulance, as well as the complete treatment of minor conditions, such as applying a bandage to a wound. A First aid is generally performed by someone with basic medical training. Mental health first aid is an extension of the concept of first aid to cover mental health, while psychological first aid is used as early treatment of people who are at risk for developing PTSD.

FIRST AID MANAGEMENT:-

At any moment around you, you could experience an injury or illness. Using basic first aid you may be able to stop a minor mishap from getting worst in the case of a serious medical emergency, you may even save a life.

That's why it's so importance to learn basic first aid skills.

DEFINITION:-

When you provide basic medical care to someone experiencing a sudden injury or illness it is known as first aid.
