**Kind Attention** - Ms. Soujanya Veguru, General Manager (CSR)

**Subject:** Regarding financial assistance for repair works of Biogas Plant installed at Karvenagar Campus of MKSSS.

Dear Madam,

*Greetings from MKSSS, Pune!!!*

At the outset, we would like to express our sincere gratitude that in the year 2017, with the generous financial support from Cummins Foundation and under your able guidance, the biogas plant has been installed and is functioning at our Karvenagar campus.

This plant has proved to be the best in managing the food waste and also reduced the expenditure on LPG cylinders to a greater extent. It plays a critical role in providing sustainable energy to the Samstha and its proper functioning is essential for reducing reliance on the LPG Cylinders.

This green initiative of the MKSSS in association with Cummins foundation is always appreciated by the donors, well-wishers and all the visitors of MKSSS. The representatives of government agencies have visited this plant and have also considered this as a role model for its implementation at their desired places.

We are committed to ensuring the long-term sustainability of this project and we have taken necessary steps to implement preventive maintenance measures to take care of the minor issues. Now over the use of 7 years, replacement of some spares is necessary for the proper functioning of the plant. Based on the assessment by the GPS Company, who is looking after the repairs and maintenance of the said plant it is essential to replace the shredder unit and some spare parts of the plant. The approximate cost of these spare parts is Rs.4,72,000/-

We will deeply appreciate your consideration of this request to provide financial assistance for this repairs cost. Your support would make a significant difference in ensuring the continued benefits of this valuable resource for the Samstha.

Thanking you in anticipation,

With best regards,

Dr. P.V.S. Shastry  
**Secretary**

## Input System of Biogas Plant:

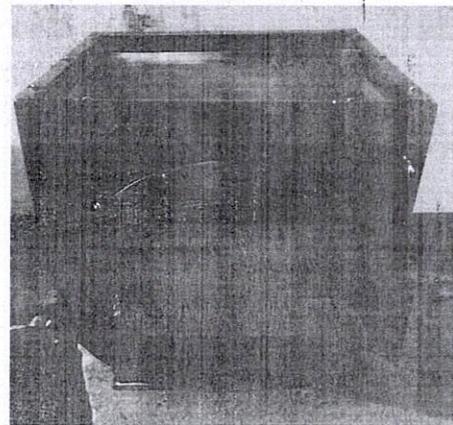

### 1. Shredder Unit:

Capacity: 400-600Kg/Hr, Make: GPS, Model: 20Cutter type, Output size: 2-10mm, Stand & Hopper MOC: Stainless Steel 304 Grade, Cutter MOC: EN8 Hardened.  
Safety features: Z-type Hopper prevents access to rotating parts, Limit switch arrangement provides Lockout preventing machine running during maintenance, emergency switch for immediate stopping of machine  
Motor details:- Make: Crompton Greaves/ Rotomotive, Specification: 2HP, 3 Phase, 1440RPM, flange Mount.  
Gear Box:- make: Rotomotive, Specification: Box75, Ratio: 10:1

### 2) Pulverizer Unit:

Capacity: 500-600Kg/Hr, Size: 12" drum, Motor Make: Crompton Greaves/ Roto-motive, Specification: 2HP, 3 Phase, 1440RPM, foot Mount.

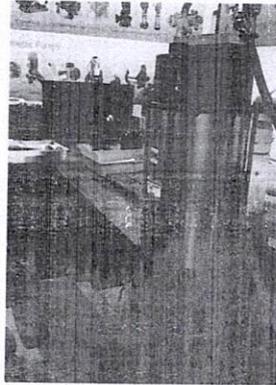

### 3) Mixing Tank:

Make: GPS, Volume: 450Ltr, MOC: Form sheet Stainless Steel 304 Grade.

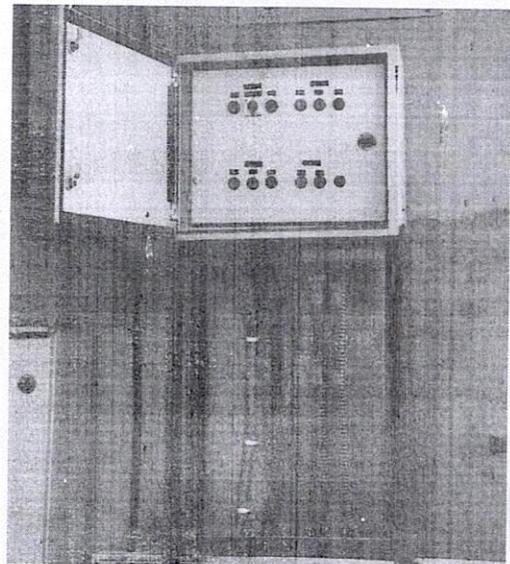

4) Cutter Pump:

Make: Cormpton Greaves,  
Model: CCPM22,  
Specification: 2HP 3 Phase,  
Discharge: 50-350LPM,  
Delivery size: 50mm

5) Starter Panel Box:

Panel MOC: Mild Steel powder coated,  
Stand MOC: Mild Steel, Make: GPS,  
Function: Supply & Control Switches for  
Shredder, Pulverizer, Mixing Tank pump &  
Hydrolysis Tank Pump.  
Push Buttons & Contactor make: Shneider.  
Wire used: 2.5 sq mm & 1.5 sq mm
